Economic Forum for the Food Sector

About Lublin

Lublin is the greatest economic centre in the Eastern Poland. Established almost 700 years ago, the city embraces its multicultural heritage while aiming at fostering constant business development. Currently there are over 43 thousand companies functioning in the city. Being the capital of an agricultural region, Lublin treats food industry as a priority. Many of our companies are nationally recognized brands and Lubelskie region is a leader in cultivation of cereal, hop and soft fruit as well as production of certified organic food.

Embassy of Israel in Poland

Commercial Department represents Israel's Ministry of Industry, Trade and Labor, supporting Israeli companies investing in Poland as well as promoting trade between Poland and Israel.

The Federation of the Israeli Chambers of Commerce

strives to promote favorable economic policies by enhancing the competitiveness of the Israeli market and its position in the international arena, thereby reducing the tax burden, eliminating sectarian discrimination and minimizing overnmental and municipal bureaucracy. The FICC has become an active and vibrant centre for meetings of business leaders, government representative and foreign delegations. Representing the largest sector of the Israeli economy, the FICC aspires to solidity amicable, fair and productive relations thus fortifying friendship with all countries.
