

Lublin is YOUth!

Why Lublin?

Lublin is the largest city of Eastern Poland and one of the most important economic, academic, and culture centres on the EU's eastern border. Located where trade routes cross and cultures converge, Lublin has long been a city of pluralism, exchange, and dialogue - a vibrant meeting place for young people.

Lublin is a city with 700 years of history. It was built by a multicultural community and nowadays has the second highest internationalisation rate in Poland. Its traditions and history are still reflected today in regular events that attract thousands of young people every year. Lublin is YOUth!
