Lublin, 13 January 2021

European Youth Forum

Declaration

On behalf of the Youth City Council of Lublin, I declare our support as well as personal contribution and commitment of the Councillors to the work on the Lublin's application in the European Youth Capital 2024 competition.

As representatives of the Lublin high school community, I also declare our commitment to promote and support activities of those student councils that will declare their participation in the work on the European Youth Capital application and programme.

As the Youth City Council, with our authority and presence in social media, we support minorities, in particular LGBTQ + people and we stand up against violations of the rights and discrimination of minorities. Therefore, we will make every effort to ensure the participation of these groups in the application process to a greater extent.

We want Lublin to be a city of and for young people. We wish to have more influence on decision-making process about its future and shape. We want to develop and support the involvement of youth, thanks to which we can change the city so it fully meets our needs, dreams and aspirations. We want Lublin to become the European Youth Capital and thus thrive for us young people, thanks to our work and commitment.

Lublin is YOUth!

of the Youth City Council of Lublin**
