Lublin 4 All

Intercultural Lublin

<https://lublin.eu/en/lublin-4-all/intercultural-lublin/>

We have gotten used to thinking about Lublin as a multicultural city in the past. We proudly tell stories about historical events bringing cultures together and peaceful coexistence of various ethnicities before the II WW. Sadly, in the eyes of most Lubliners, the city's multiculturalism ended with the beginning of the war.

Fortunately, it is not completely true. Various ethnic minorities have lived in Lublin for centuries and more and more people chose to live, study and work in Lublin. We are proud and happy that Lublin is for All!

The video created during the [Communication for Integration \(C4i\)](#) project implemented in Lublin with the Council of Europe and 10 other European cities in 2014-2015.
