EUNIVERCITIES NETWORK

EUniverCities is the network established **in 2012** with the registered office **in Delft**, in the Netherlands. A robust academic community is a common feature of the cities, which constitute members of the network. As a rule, the cities apply to join the network and gain membership in a city/university tandem, together with universities in a given city. The aim of the cooperation is to educate one another how to create the most favourable conditions for studying and promoting the scientific and educational potential in a given city.

The City of Lublin and Lublin's universities joined the network **in 2014**. The Lublin City Council adopted the relevant resolution on **16th October 2014**.

The remaining members of the network i.e. cities and universities are as follows:

- City of Aveiro - University of Aveiro
- City of Exeter - University of Exeter
- City of Ghent - Ghent University
- City of Innsbruck - University of Innsbruck
- City of Lausanne - University of Lausanne
- City of Linköping - Linköping University
- **City of Lublin - Maria Curie Skłodowska University Lublin**
- City of Magdeburg - Otto-von-Guericke University and University of Applied Sciences
- City of Malaga - University of Malaga
- City of Norrköping - Linköping University – Campus Norrköping
- City of Parma - University of Parma
- City of Timisoara - West University of Timișoara
- City of Trondheim - University of Science and Technology
- City of Turku - University of Turku | Åbo Akademi University

The Strategy and Entrepreneurship Department coordinates Lublin's cooperation with the „EuniverCities” network.
